Education

National Institute of Technology, Srinagar

Master of Technology

- Master of Technology in Computer Science.

August 2024 – present

Srinagar, India

Institute of Technology & Management Gwalior under (R.G.P.V)

B.TECH

- Bachelor of Technology in Computer Science.

- Active member of the Computer Science Club

December 2020 – June 2024

Gwalior, India

Courses

Supply Chain in Python

Indian Statistical Institute (ISI), Kolkata

- Optimizing logistics and transportation networks through algorithmic approaches.

- Solving real-world supply chain problems using data-driven decision-making.

January 2025 – January 2025

kolkata, India

Role of Stochasticity

Indian Institute of Technology, Ropar

- The Role of Stochasticity in Chemical & Biological Processes

- Global Initiative of Academic Networks (GIAN)

December 2024 –

December 2024

Rupnagar, India

Experiences

Data Analyst Intern, SML2029 Research and Development

Medical image classification cancer detection

- It was a month Internship

- Developed a breast cancer prediction model .

- Processed image datasets with Pandas and CV2, organizing them into train, test, and validation sets.

- Implemented and optimized CNN models for accurate classification.

- Evaluated models using sklearn's metrics, ensuring robust performance.

- GitHub: https://github.com/sanskarkushwah13/cancer_prediction 

July 2022 – August 2022

Hyderabad, India

Project Intern,

Medical image classification PNEUMONIA detection

- Developed a **CNN-based medical image classification system** for pneumonia detection using chest X-ray datasets.

- Designed an end-to-end pipeline including **data preprocessing, augmentation, and dataset structuring** for robust training.

- Performed **model training, hyperparameter tuning, and evaluation** using accuracy, precision, recall, and F1-score.

- Ensured **efficient data handling and reproducibility** across large-scale medical imaging datasets.

September 2022 –

November 2022

Hyderabad, India

Projects

Comparative Analysis of GAN Loss Functions

Research Project

- Implemented and compared **5 GAN loss functions** under controlled architecture

- Analyzed **training stability, mode collapse, and convergence dynamics**

- Evaluated using **FID and mode variance metrics**

- Conducted cross-domain experiments on **natural and remote sensing datasets**

December 2025 – Present

Semantic Segmentation for Cricket sport analytics

College project

October 2025 –
December 2025

- Build semantic segmentation models with 9 classes.
- Github : <https://github.com/sanskarkushwah13/Semantic-Segmentation-for-Cricket-sport-analytics> 

Job Prediction by Machine Learning

January 2023 – May 2023

- Created a platform to assist students in identifying suitable career paths.
- Utilized machine learning to predict job opportunities based on required skills..
- Github : <https://github.com/sanskarkushwah13/career-prediction-by-machine-learning> 

Skills

Data Science — Machine Learning, AI, Exploratory Data Analysis (EDA), SQL (Database querying & data handling) | AI Agent Development (LLM tools, automation workflows) | N8N / Workflow Automation Tools

Programming — Python, C/C++, SQL (Postgres), JavaScript, HTML/CSS, R

Soft Skills — Critical thinking, Problem Solving, Communication

Tools — Git, Docker, TravisCI, Google Cloud Platform, VS Code, Visual Studio, PyCharm, IntelliJ, Eclipse

Certificates & achievements

Data Science and Artificial Intelligence (DAI)

Achieved All India Rank (AIR) 6918 in the Graduate Aptitude Test in Engineering (GATE) for Data Science and Artificial Intelligence.

Amazon Web Services - Academy Graduate

Successfully completed the AWS Academy Cloud course, which covers fundamental cloud computing concepts. Gained hands-on experience with AWS services including EC2, S3, Lambda, and RDS.

AICTE ALTREXY CERTIFICATION

Earned certification in Data Analytic Process Automation through the AICTE ALTREXY program. Developed skills in automating data analysis processes to enhance efficiency and accuracy.

Business English Certificate (BEC) Preliminary

Awarded the Business English Certificate (BEC) Preliminary by Cambridge English. Proved ability to communicate effectively in a professional English-speaking environment.

Interests

Chess | Cricket | Traveling
